PRELIMINARY AMENDMENT

Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Prior to examination on the merits, please amend the application as follows:

IN THE CLAIMS

Please cancel claims 11 and 26.

Please replace claims 1 and 17 as follows:

- SUB  
E2B  
D1
1. (Amended) A method of identifying for production molecules represented by concatenated strings, said method comprising:
- i) encoding two or more related biological molecules into a data structure of initial character strings to provide a collection of two or more different initial character strings wherein each of said biological molecules comprises at least about 10 subunits;
  - ii) selecting at least two substrings from said initial character strings;
  - iii) concatenating said substrings to form one or more product strings about the same length as one or more of the initial character strings;
  - iv) adding the product strings to a data structure to populate a data structure of product strings; and
